Dr. Juliana Smithton, a trailblazing neurologist, is about to deliver the most important seminar of her medical career – but things are getting weird. The burden of her estranged daughter, the fallout from her troubled marriage, and the pressure of launching a tempestuous wonder drug are causing her to see things... hear things... not the least of which include a mysterious woman in a yellow bikini sitting in the front row of this very audience. Is Dr. Smithton losing her

brilliant mind to a world of lies? Or is she actually seeing the whole truth for the very first time? *The Other Place* is a family drama wrapped in a mystery that delves into the dark underbelly of “having it all.”

A compelling and acclaimed drama in which nothing is quite what it seems, *The Other Place* is an intimate mystery that blurs fact with fiction, past with present, and Juliana’s perception with ever-elusive truth.
